BUSINESS DOUBLED IN THIRTY DAYS

Hickman Milling Co. Making New High Patent Flour.

The Hickman Milling Co. has begun the manufacture of a new brand of flour, selling under the name "Silver Crest" flour. It is manufactured from soft wheat and is an extra high patent flour, which, to use the words on the sacks in which it is sold, is "mountain high in quality."

Thirty days ago A. J. Walker, the manager of the company, tells us, a campaign for increase in sales and a larger and better manufacturing capacity was sought. With that end in view C. C. Hadden of St. Louis, an expert miller of forty years' experience, was secured. The plant and machinery were overhauled completely and the manufacturing of a new high patent flour, "Silver Crest," was started. These methods, coupled with a judicious use of advertising, have brought results. The business has increased by leaps and bounds, and Mr. Walker tells us this week that there has been an increase of 100 per cent in the business during the past thirty days. There must be a very substantial reason for such an astounding increase, especially at a time when nothing is heard but cries of hard times and business depression.

The brand of meal which they are manufacturing has also been improved and a large increase in the sales of this product is noted. The Hickman Milling Co. manufactures, besides "Silver Crest," the well known "Flavo" and "Miss Ruth" flour and "Aeroplane" self rising flour, and are manufacturers of meal, bran, chops, chicken feed, and several other grain products.

With the rapid increase in the business which has been recorded in the last thirty days, the Hickman Milling Co. is rapidly assuming a place as the leading flour manufacturers of this section. They are already one of Hickman's most progressive industries.

CLINTON EDITOR WEDS IN HICKMAN

Publisher Married to County Clerk's Deputy Saturday Night.

Harry B. Hendren, publisher of the Clinton Gazette, and Miss Kathryn Kemp, were married at the residence of County Court Clerk O. C. Henry, about 10:30 Saturday night, Dr. H. B. Johnston, of the First Methodist Church, performing the ceremony. The wedding of this popular young couple was a surprise to their friends at Clinton, who had no idea of their intentions. They were accompanied by Miss Nancy A. Day, who was one of the two successful women candidates in the recent Hickman County primary, and Miss Anna B. Ringo.

Mr. Hendren has been editor of the Gazette for some time, and enjoys a wide acquaintance in Hickman County. The Gazette has been coming to our desk for a number of years and is one of the best newest papers we read. His bride has been deputy county clerk and has a wide circle of friends in Clinton and Hickman County.

The Courier sincerely hopes that the pathway of this couple will ever be strewn with roses, and that all his subscribers will pay up five years in advance—they deserve it.

MADISONVILLE--THE CHAMPIONS?

The Mayfield base ball club has disbanded, the season having been discontinued after the series with Madisonville last week--after the so-called series for the championship of Kentucky, which they waited to play until every team in this section had beaten both teams and disbanded. Hickman beat Mayfield one game by a lopsided score and Mike Ceresi et al, got peeved and quit, and we never could get another game with them, although we noticed later that it was through the pitching of Claude Williams, the traitor White Sox twirler, that they lost. However, it was hard to get a game with that same team, for we "counted that day lost whose low descending sun" saw no new face in their lineup. It seems to us that while Hickman and Fulton were combined we took a three game series from Madisonville, but of course since they beat Mayfield a three game series last week they are the Kentucky champions--but yet uncrowned. What an empty honor!

NAIFEH-HOMRA

Jim Naifeh, formerly of this city, and Miss Ramza Homra, both of Tiptonville, were married on Sunday morning at 10 o'clock in that city and came here immediately on the C. M. & G. train, arriving Sunday afternoon. They went to the home of Mr. and Mrs. Faria Naifeh, where a large number of their relatives and friends of this city and neighboring towns had gathered, and indulged in a celebration similar to that held after weddings in their native country of Syria. The groom is well known to Hickman people, being formerly connected with the Naifeh store in West Hickman and later in East Hickman, residing here several years. The bride is a resident of Tiptonville, at which place they will reside. Mr. Naifeh is now a merchant of that city. Both are natives of Judidit, Syria.

CROWDS LARGE AT FULTON FAIR

Attractions and Exhibits More Numerous Than at Any Previous Fair.

The Fulton Fair, which began last Tuesday and ended Saturday, was one of the most successful which has ever been held in that city, according to those who were in attendance.

Exhibits of live stock, farm produce, household articles, needlework, etc., were abundant and of excellent quality. The largest variety of exhibits in these lines being shown this year of any previous fair in that city.

Many of the farmers and stock raisers in this part of the county were present with exhibits of farm products and live stock, and numerous prizes in all departments were captured by them. J. W. Mayes, proprietor of Edgewood Farm, and Roscoe Stone, proprietor of the Sunshine Hampshire farm, took show stock from their Hampshire herds to the fair and were very successful in taking prizes, walking away with the highest prizes in all Hampshire classes.

and Mr. Mayes was awarded the blue ribbon for both the grand champion boar and grand champion sow.

One of the largest carnivals that has ever visited this part of the country was an attraction which drew large crowds. This was the Zeldman & Polie Exposition Shows, and the number of shows and concessions which were included in its array has never been equaled by a show of that nature in any of the towns near here.

All in all, the fair at Fulton this year is conceded to be the best ever held.

PRESCRIPTIONIST AT J. C. ELLISON DRUG CO.

O. B. East, of Princeton, has accepted the position of prescriptionist at J. C. Ellison Drug Co., having assumed charge of that department of the store Monday morning. He is a graduate pharmacist, and comes to Hickman from Cairo, Ill., where he held a like position in one of the Cairo pharmacies. He is a young man of pleasing and likable personality and will, no doubt, add to the long list of friends of the store.

RUNAWAY MULE

A runaway which came near being a serious affair was that Monday afternoon when a mule driven to a buggy became frightened and started running at the corner of the W. H. Baltzer residence. The buggy was occupied by Mrs. Mary Gibson and Mrs. Callie Halley and two children. From the F. M. Chambers farm, in the upper bottom. No reason for the frightening of the mule, which was said by Mrs. Gibson to be the gentlest on the place, could be given, but suddenly the mule started running and was not stopped until some one at the Swift grocery halted the animal. Mrs. Gibson was thrown out and dragged for about a block and sustained several minor injuries on her right arm.

FIRST COTTON BOLL

The first boll of cotton brought to The Courier office was brought in by Calvin Kagle Tuesday morning. It was grown by Mr. Kagle on the Lee Page place, on Troy road. It is a large boll, well opened, and he says he has a field full of them.

WON ALL FIRSTS AT FULTON FAIR

J. W. Mayes and Roscoe Stone Capture Every Blue Ribbon.

The live stock exhibits at the Fulton Fair this year were admittedly the best ever shown there, and the herds of hogs shown there were especially good. The Hampshire class had the largest representation with 67 head followed by the Duroc. In the Hampshire class were shown the herds of J. W. Mayes, proprietor of the Edgewood Farm, and Roscoe Stone, proprietor of the Sunshine Hampshire Farm, both breeders of pure-bred Hampshire stock and two of the best known in this section.

A compliment to these gentlemen's ability in this line is the fact that, showing against stock which took firsts at the Tri-State Fair in Memphis and other large fairs, they won every first and second prize in which the two showed together.

Mr. Mayes took the blue ribbon in every class except one, which Mr. Stone took, and received a red ribbon on that. Mr. Stone took a first on his entry in the Junior Yearling Boar class and won seconds on every other one of his entries. Mr. Mayes also had the grand champion boar and the grand champion sow.

In the Pig Club contest, Reuben Prent won the blue ribbon on his Hampshire entry, and this same pig took third prize in the open class, showing against the older breeders.

The showing made at the Fulton Fair speaks well for the progressiveness of these gentlemen, and it is likely that some of these hogs will be seen at the larger fairs of this part of the country, where their success will, no doubt, be continued.

LOW SHOES ARE THE STYLE THIS SEASON

One and Two Straps Will Be Choice in Footgear, Says Edict.

If mildity would be attained in strict accordance with the stern orders of Dame Fashion this fall and winter, one must purchase only low shoes, with military heels and straps to gird her shapely ankles.

Briefly, that is the edict that was announced from the throne at the mid-year meeting of the Tri-State Shoe Retailers' Association in Memphis.

The very newest of new patterns in women's shoes is the three-strap pump with the buckle in the center of the instep. There is a tendency toward openwork in footwear, such as straps and cutout vamps. These new styles are being offered mostly in patent colt leather. Military, baby Louis and high Louis heels of Spanish types are the order as to that portion of the shoe.

First and second choice in styles are the one and two-strap patterns. Lace oxfords are third. These shoes are mostly of the brogue type with stitched imitation tips. Lace boots and plain pumps are last on the list of permitted types in these styles. Only military and low heels are permitted on boots this fall.

Heels for walking Oxfords will be low, some of them measuring only three-quarters of an inch. Baby and Junior Louis heels are proper for dress slippers, but those ladies preferring higher heels will be within the law of fashion if they wear dress shoes with the new Spanish Louis heel.

Patent colt is the leading leather, with black kid as second choice. Light shades of Russian calf come third and black satin is fourth in preference. Following these in order are brown kid and calf and a light sprinkling of black and brown suede. Boots will be made of black and brown kid, light and dark brown calf. Many of the new styles are made in white, red, green and Henna stitches.

The style authorities on shoes are agreed that sales of ladies' shoes this fall will be 80 per cent low and 65 per cent in the strap styles. It is estimated that about 20 per cent of the women will wear high shoes with military heels.

Little attention is paid to styles for men, since they do not vary a great deal. Then tendency in men's styles seems to be toward black grained leathers with perforations. Light and dark tans are also gaining in favor. Heavy low shoes are more prominent this season. Flange heels are the style, with reference to that portion of the shoe.

C. B. TRAVIS COUNTY TREASURER

At a meeting of the fiscal court yesterday C. B. Travis, active vice-president of the Farmers and Merchants Bank, was appointed county treasurer to take the place of W. C. Reed, resigned. Mr. Travis was appointed for a term of four years.

Mr. Reed has held this position for a long term of years and has made the county a most efficient and conscientious official, understanding thoroughly the duties of his office and performing them in a trustworthy manner. In the appointment of Mr. Travis, the county is fortunate to secure a man undeniably qualified for the position, thoroughly acquainted with the condition of the county finances, and who may be depended upon to keep vigilant watch over the county "strong box."

Mrs. J. C. Ozment, of Mayfield, is visiting her brother, Will Hammonds.

BILLION DOLLARS EXPORT CREDIT

House Passes Bill, But Deletes Farm Loan Bonds.

With a number of amendments, the Senate bill which would make one billion dollars available through the War Finance Corporation for stimulating exportation of agricultural products was passed Monday by the House.

Only 27 representatives voted against the bill, 314 voted for it.

The House eliminated Senate sections authorizing the purchase by the War Finance Corporation of \$200,000,000 worth of farm loan bonds and the creation of a new bureau in the Department of Commerce to obtain information as to trade conditions abroad. The House further overruled the action of its committee in eliminating a section which would permit government loans to accredited foreigners engaged in exportation of American farm products, but added an amendment providing for rigid restriction of such loans.

Another amendment would fix June 30, 1922, as the date on which liquidation of the War Finance Corporation would begin with the capital stock of the corporation cancelled in proportion to the surplus funds turned into the treasury.

By a vote of 196 to 136, the House rejected a motion to recommit the bill offered by Representative Wingo, Democrat, Arkansas, to reinstate the eliminated Senate provision for the purchase of \$200,000,000 worth of farm loan bonds and to add an amendment authorizing the War Finance Corporation to make direct loans to agriculturists. Efforts will be made, Chairman McFadden of the banking committee said, to obtain an agreement between the House and Senate on disputed provisions of the bill so it can be sent to the president before the forthcoming recess.

START DRILLING LAST OF WEEK

Work Will Be Begun with Standard Rig at Bondurant.

Things are moving rapidly and satisfactorily at the well of Roney, Mitchell & Bruer at Bondurant. The hole has been bailed out during the past week or two, and showed oil during the last five hundred feet bailed.

For the past several days, work has been devoted to the installation of a standard rig to take the place of the rotary drill which has been used heretofore at this well. It is expected that the well will be completed with this rig. Work with the new outfit is to be begun during the latter part of this week.

The operators expect this new rig soon to penetrate the rock and reach the rich oil sand beneath. Preparations for any emergency are being made. A tense interest is manifested in the outcome of the well and visitors go to Bondurant daily to watch the progress being made.

BABY BADLY SCALDED.

Reginald, the two-year-old son of Prof. J. M. Calvin, was badly scalded Saturday afternoon, when he fell into a tub of boiling water at the home. The little fellow was burned on the right arm and shoulder and is in a very serious condition as a result, although it is thought that he is slightly improved at present.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E.83

Simple Silk Frocks

TAFFETA has accounted for the majority of the summer's silk frocks used alone and in combination with other materials. Foulard is well represented, but hardly ever alone, nearly always in the company of georgette crepe. These with crepe de chine, are written in this history of the styles as all of equal importance and have been made into simple frocks and more elaborate gowns whose days of usefulness are long drawn out. The simpler silk frocks, and especially those of taffeta, are a joy, summer and winter, the most adaptable and versatile of belongings. "Anytime"—"anywhere" say these frocks—so long as it's a good time and pleasant where.

Two of the least pretentious of these silken invitations to pleasant leisure hours are shown above. Foulard, for once unassisted by other materials, justifies its faith in itself in the frock at the left. Designers apparently make a plain, straight skirt in these dresses because they must, and a tunic because they wish to. The bodice has a square neck and three-quarter length sleeves whose cuffs are edged with plaited frill of the silk.

Even the sash is made of the foulard and is draped with a loop at the left side and loop with long end at the right.

The black taffeta at the right, for immediate wear, has a plain bodice with a wide collar edged by a ruffle of narrow white ribbon. The tunic on this frock, as on the other one, is open at the front. It is elaborated with embroidery in white silk and bordered by a flounce edged with the ribbon. Colors, as blue or green, might be substituted for white in the decoration. As usual, in these frocks, there is a chemise of lace and the sleeves are three-quarter length, and familiar these details are, they maintain their unusual charm.

The beloved frock of taffeta has a rival in that of crepe de chine. Each can hold any pace kept by the other although they are as different as can be—taffeta crisp and sprightly, georgette supple and aristocratic.

29 SNOWFALLS THIS
WINTER—PREDICTION

Colonel Asa K. Martin, widely known weather prognosticator of Central Kentucky, for years a resident of Lexington, who is now making his home with his daughter in Louisville, while here Saturday made the prediction that the coming winter in Kentucky would be one of the severest since the cold winter of 1888-89. He says in his prognostication that there will be twenty-nine snows, the first falling on October 13, and the last on May 2, 1922. During the winter, he says, there will be seventeen zero days and three ice spells, when ice from three to twelve inches thick will be harvested. He also makes provision for three sleet storms. The first frost in this latitude, he says, is due to arrive on September 10. Colonel Martin says the severe winter ahead will cause much suffering throughout the country and warns the public to "take time by the forelock" and prepare in advance for it. Colonel Martin has been a weather prognosticator for fifty years, and those who have kept up with his predictions say that his forecasts have "hit the spot" oftener than they have missed.—Lexington Leader.

BILL NYE'S COW AD

Bill Nye, the humorist, once had a cow to sell, and advertised her as follows: "Owing to my ill health I will sell at my residence, in township 19, range 15, according to the government survey, one plush raspberry cow, eight years old. She is of undoubted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her present home with a stay chain, but she will be sold to any one who will treat her right. She is one-fourth Shorthorn and three-fourths hyena. I will also throw in a double barreled shotgun, which goes with her. In May she usually goes away for a week or two, and returns with a tall red calf with wobbly legs. Her name is Rose. I would rather sell her to a non-resident."

Saving is the first great principle of all success

—Sir Thomas Lipton.

EVERYONE knows the local Public Utility Company, and everyone realizes how absolutely necessary it is to the daily life of the community it serves; but here is a fact that most folks do not know: Over 1,400,000 citizens of the United States have invested their money in the electric light and power business. It is believed a greater number than have invested in any other class of securities except Liberty Bonds. "Why? Because the securities of the electric light and power business have proved to be safe, and because the dividends have been paid regularly year after year."

Mountain Solitude Lures Famous Men From Daily Grind of Business Cares

Upper group: Left to right—Henry Ford, Thomas A. Edison, President Harding, H. S. Firestone. Lower right: Horseback riding. The President, Mr. Firestone, and Mr. Ford. Lower left: Left to right—Edsel Ford, George B. Christian, Jr., and Thomas A. Edison watch Henry Ford try his luck as an angler. Center inset: President Harding attacks the camp woodpile.

SCENES from the unique camping party of the year are shown above, the principals being President Harding, Henry Ford, Detroit genius, and Thomas A. Edison, electrical wizard and inventor, and H. S. Firestone, tire manufacturer. These famous men recently sought seclusion and quiet among the Maryland and West Virginia mountains, camping at one night stands, motorizing, horseback riding, fishing and "esting" from the strenuous duties

which weigh upon them during the remainder of the year.

With Firestone, Edison and Ford these camping excursions have become an annual event. Formerly John Burroughs, the aged naturalist, was a member, but his death last spring removed his patriarchal figure from the group. By his associates he was esteemed so highly they considered no less personage than the president of the United States could take his place, and Mr. Harding accordingly was invited to

take his bunk.

The president slept in a converted army tent, as did the others, and proved an amiable and helpful camping companion.

Despite the fact that a few attendants were with the party, he insisted on doing his share of the camp chores, as did the others, devoting most of his attention to the woodpile. Few persons have the distinction of eating dinner cooked over wood chopped by the presidential axe.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

NOTICE

Fulton Circuit Court.
Wayne Thomas, Trustee & Plaintiff
vs. Notice of Sale of Real Estate
Nora V. Naylor & Defendants

By virtue of a judgment and an
agreed order of sale of the Fulton Cir-
cuit Court, made at the January term,
1919, which order may be found in or-
der book 23, on page 314, and which or-
der was renewed at the May term of
court, 1921, I, J. W. NAYLOR, as the
surviving Executor of the will of Jos-
hua Naylor, deceased, shall proceed to
offer for sale at the court house door in
Hickman, Kentucky, to the highest bid-
der, at PUBLIC AUCTION, on the 19th
day of September, 1921, at 1:30 o'clock
p. m. or thereabout (being the first day
of the September term of the Fulton
Circuit Court), upon a credit of six
(6) months, the following described
real estate in Fulton County. This
sale is being made for the purpose of
division among the heirs-at-law of
Joshua Naylor, deceased:—

First Tract
Being in Fulton County, Kentucky,
and being the west half of the south-
west quarter of section 8, township 1,
range 3, west, containing 80 acres,
more or less, as shown by the deed of
record in deed book 3, page 134, Ful-
ton County Court Clerk's office.

Second Tract
Lot five (5) in Fulton County, which
includes all that part of the northwest
quarter of section 8, township 1, range,
3, west, and supposed to contain 80
acres, more or less, and beginning at
the northwest corner of section 8, run-
ning south with the section line 159½
poles to a stake; thence east to Bayou
de Cheln; thence running with said
creek to the section line; thence west
with the section line to the section cor-
ner; and the land included in the fol-
lowing lines: Beginning at the north-
east section corner of the northeast
quarter of section 7 and township 1,
range 3, west, and commencing at the
section corner and running thence
south with the section line 159½ poles
to a persimmon corner with mulberry
pointers; thence west 38 poles to a
stake with hickory and sassafras point-
ers; thence north 159½ poles to a
stake with hickory pointers; thence
east to the beginning, and supposed to
be 125 acres.

For the purchase price the purchaser
will execute his note with approved se-
curity, bearing 6 per cent interest from
date of sale until paid, and having the
force and effect of a judgment. I am
authorized under the will and by the
agreed order of sale to execute a deed
to the purchaser, which with the pur-
chase money note will be delivered by
me to the Master Commissioner, and by
him held until the sale is confirmed by
the court at the September term, 1921.
Witness my hand as surviving execu-
tor, this, the 15th day of August, 1921.
J. W. NAYLOR.

AN IMPOSSIBLE REQUEST

Many of our subscribers upon renew-
ing their subscriptions ask that we con-
tinue to send them The Courier, when
their subscriptions expire, for a week
or two longer until they have time or
remember to come in and pay up.

If they could but realize how nearly
impossible such a procedure is, we do
not believe they would ask this. With
a list the size of The Courier mailing
list to try to keep in mind the names
of those who ask that we continue
sending the paper for an issue or two
after their subscriptions have expired
would be folly. Our subscription
lists are gone over every week and the
names of those whose Courier has ex-
pired is removed. In removing the
names from the lists we look only at
the date accompanying each name, and
very seldom have time to look over the
names which we are removing—adding
another complication to the already
impracticable request which we often
receive.

A notice of the expiration of each
subscription is always carried at the
top of every paper which is expired,
and with our subscription list on an
absolutely pay in advance plan, we feel
that it is only fair to all subscribers to
stop the paper when your subscription
has expired.

When on the verge of making the

above mentioned request next time, try
to remember that we have many, many
subscribers besides yourself, and if
each one asked the same favor and re-
ceived it, what a mess our subscription
list would be in.

UNION CITY NAMED AIR ROUTE SUB-STATION

H. B. Claggett, Air Officer, Fourth Corps area, stationed at Chicago, has informed Mayor Pittman that Union City has been selected as a sub-station on the Gulf to the Great Lakes air route. The main stations are 200 miles apart; the sub-stations are 100 miles apart, and the intermediate stations are 25 miles apart. Mr. Pittman was informed that there would be needed about 40 acres of good, level land. The Lions Club was called in special session yesterday to take up the matter and make arrangements for securing the field, for the airship is here with all that it means and brings in the revolution in passenger and freight transportation.—Union City News Banner.

"MANY A SLIP"

Whenever you spot a typographical error in a country newspaper, get all the fun you can out of it, but remember no sheet, big or little, is immune. Witness a few of the past week or two: "The bleachers at the football field were filled with enthusiastic roosters." "He sat there calmly smoking his pipe." "Mr. Brown is a life wife." "The chair will have a special number at this service." "All our big cities are seriously concerned over the sousing problem." "He is a poor man who has eight months to feed." And from a column devoted to anxiously inquiring ladies, "Is it proper for me to eat with my rat on?"—Creede (Colo.) Candler.

DRY LAW SHRINKS

MANY MANLY WAISTS

The cold water of these piping prohibition days has shrunk the nation's waistline an inch or two, according to a designer in a large clothing house in St. Louis.

"It is a fact," he declared, "before the war we cut youths' models to an average waist measure of 32 inches. Now the average is an inch less. Garments for middle aged men used to be cut to an average waistline of 38 inches. Now it's 36. Although I don't know why, this difference is even more marked throughout the Southern states."

SPECIAL ELECTION IS CALLED FOR TWO VOTERS

A special election, at which only two voters are expected to cast ballots, in addition to acting as judge and clerk, will be held on the farm of L. A. Hartshorn, near Plainfield, Ill., August 27.

Mr. Hartshorn will be judge and Mrs. Hartshorn the clerk. They also will be the only voters, unless a hired man is eligible.

The election was ordered by the superintendent of schools of the county to determine whether the inhabitants of the Hartshorn farm desire their land annexed to the Plainfield school district.

210 VOLTS ALMOST TAKE LIFE OF GREENFIELD BOY

Henry Simpson, about 14, narrowly escaped death at Greenfield, Tenn., when he caught hold of a live wire at the carnival grounds. The insulation had been rubbed off the wire for a distance of about two inches, and Henry caught hold of the wire and was lifted off the ground. When the current was finally shut off Simpson fell to the ground, where showmen worked over him until he was revived. It was several minutes before he was able to talk. Two hundred and ten volts passed thru him.

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

The gutters on Jackson and Cumberland streets have been cleaned out this week, the weeds having been cut and trash removed, making a decided improvement in the appearance of the two streets. The work was started at the mud hole, which was called to attention in last week's Courier, on the corner of the public health headquarters, and the good work kept up by the business men up and down the street on each side. Several other streets—in fact, practically all of them—could be noticeably improved by some such method of procedure.

The Van Brunt Drill

Harvest Proves the Value of the Van Brunt Drill

Regardless of soil and weather conditions, the seed must be planted right to get the biggest harvest. You can feel absolutely sure that it is planted right if you use one of the Van Brunt Drills we have in stock. This drill has a patented, adjustable gate force feed that successfully handles any size seed from alfalfa to bearded oats without choking.

The force feed compels the seed to leave the grain box in even, continuous streams, and the seed is protected until it reaches the bottom of the furrow.

That is why a field planted with a Van Brunt Drill makes such a pleasing appearance to the eye—and why it adds extra money to your bank account. All of the grain is ready for harvest at one time. There are no bare spots in the field, and you can feel absolutely sure that no seed is wasted in planting. Come in and let us show you how easy it is to regulate the flow of seed—simply moving a lever regulates the quantity sown and an equal amount is placed in each furrow.

"Macaroni Verse."

This is a kind of humorous verse in which, with Latin as a base, words of other languages are introduced, using Latin inflections and constructions. The term was selected since it implies a mixture of languages—comparable with the mixture of ingredients found in a dish of macaroni. The name is sometimes applied to verses which are merely a mixture of Latin and the unadorned vernacular of the writer. This type of verse has long been known in Italy.

Fall Hats Make Their Debut

THERE is nothing like a new hat to cheer up the sad hearts of women who must regretfully put behind them the summer's adorable millinery. But the first frost, even the first hint of frost, is the death knell of anything but balmy, not to say tropic, air, and now the cool September is within hailing distance.

Above, a group of hats for early fall wear, cheerfully undertakes to make us forget our summer loves, and will certainly succeed. Glancing over them one may gather the salient features of the new modes—their hand-made elegance, their subtle and conservative lines, the beauty of the fabric used—including duvetyne and similar suede-like surfaces, moire, satin, velvet of the panne and plain varieties. Above all we are captivated by embellishments which are revealed in familiar and unfamiliar decorations. And when it comes to ornaments—they are fanciful, endlessly original, even amusing. When you make a little journey into the shops don't be surprised if you find

unheard-of things, in miniature, in sports and outdoor hats. A butterfly, a back comb, a few golf sticks and a ball or two unexpectedly reposing among simulated fruits and foliage. "It is to laugh"—and buy them immediately—for the new shapes are, above all, becoming.

Here are four of them for immediate wear. At the top a fabric hat with stitched brim and a bell-crown—especially becoming to slender faces. A motif of embroidery and beads adorn it. To the left an off-the-face shape utilizes a ruching of narrow ribbon in a scroll design on its brim and its companion at the right sparkles with square cellophane plaques and beads. The demure and elegant poke-bonnet shape has a typical crown of the new season, large and indented and a graceful brim. Chenille fruits and foliage add to its richness.

"VERDICT BY JUDGE LYNCH"

Just Where That Famous Jurist First Held Court Has Long Been Matter of Dispute.

"Lynch law" is purely an Americanism. Its origin is somewhat in doubt. No such law is on the statute books, and the application of the expression today refers to outlaw or mob law which circumvents the written law, or inflicts a swift punishment before the legal authorities have had a chance to take action.

Figuratively speaking, such an act is called "a verdict by Judge Lynch." According to one authority, one Charles Lynch, a patriot of Virginia, conspired with Robert Adams and Thomas Callaway, to deal out relentlessly and unhesitatingly, punishment to all law breakers and Tories during the days of our Revolution.

However, this origin is disputed. Some say that there was a small body of water known as "Lynch creek" in North Carolina during the same period in our history, and that on its shores a court-martial was held over the lifeless body of a Tory who had been hanged to prevent his rescue. Naturally, the verdict was death by hanging, and the judge did not have to bother about the execution of the sentence.—Cleveland Plain Dealer.

Efficient Spending.

The measure of real necessity is surprisingly small. When one finds the medium ground between prodigality and stinginess he will realize that he can live there, even though his income may be moderate. Greater moderation in many things would leave us a healthier and happier race, to say nothing of what it would do for our bank accounts. Certainly, before buying a thing one should honestly ask himself whether he needs it. He should, likewise, give himself an honest answer.

The second principle of efficient spending is that when one has honestly decided that he needs a thing, he should buy the best he can get. If one buys at all, it pays to search the market for an article of high quality. Moreover, he is very apt not to find an article of high grade unless he does search the market rather carefully.

Melons were first extensively cultivated in France early in the Seventeenth century, but were known to the ancients from the commencement of our era. The Egyptians grew them. They are said to have been carried to America by Columbus, and to the Malay archipelago by the Portuguese.

"The wise man knows an ignorant man because he has been ignorant himself, but the ignorant man cannot recognize the wise because he has never been wise."

SEASONABLE FOODS.

A pretty salad to serve on occasions is:

**Pepper Lilies.**

—Cut sweet green peppers in petal-shaped points, leaving them jointed at the stem end; remove the pulp and seeds. Make

a ball of cottage cheese into which the tips of the peppers finely chopped are mixed, and add one-fourth of a cupful of cream. Rice the yolks of hard-cooked eggs and sprinkle over the cheese balls; press the pepper petals gently to the side of the ball and set in a curled leaf of lettuce hearts.

Nabisco Biscuits.—To plain ice cream mixture of vanilla flavor add a cupful or more of crumbed nabisco wafers. Serve with whipped cream.

Potato Dish.—Brown a tablespoonful of shredded onion in two tablespoonfuls of butter. Add one-half teaspoonful of flour and a pint of milk. Now add two or three mashed potatoes and cook smooth; finish with the yolk of egg well beaten, and serve.

Salmon a la Genevieve.—Put a teaspoonful of butter in a sauce pan, add a chopped onion, a sprig of parsley, a small piece of carrot, a blade of mace and a bunch of herbs, a few cloves and half a pint of white stock. Simmer these half an hour, then strain over the salmon in another pan and cook a quarter of an hour. While the fish is cooking melt three tablespoonfuls of butter in a pan, add three tablespoonfuls of flour; pour the liquor from the pan and cook for a few minutes, then pour round the fish, which has been placed on a hot platter. Add a little lemon juice or vinegar to the sauce just before serving.

Medford Steak.—Pound round steak with a wooden potato masher until thin. Cut in small pieces, lay on a bit of bacon and a little chopped onion; season well with salt and pepper; roll up and tie, put into a baking dish with just enough water to keep from burning and bake one hour. Veal is very nice cooked this way and cooked in milk instead of water. Thicken the gravy and pour around the meat when serving.

One Quality—One Price

Firestone

Again Reduces Price

Extra Size 30x3½ \$16.65

Now \$13.95

Firestone first made the low price of \$13.95 on the Standard Non-Skid, May 2. Unusual purchasing power through big volume of business, and the great efficiency of its \$7,000,000 Plant No. 2, manufacturing exclusively 30x3½ size, made this possible. Now, the production of the Extra-Size 30x3½ tire has been transferred

to Plant No. 2. This permits the price reduction on this tire from \$16.65 to \$13.95. No such value has ever before been offered tire users. If your dealer hasn't the Extra-Size in stock ask for our Standard Non-Skid type at the same price. You will still be getting an unusual tire value.

Cords That Don't Blow Out

You feel secure on Firestone Cords. Because Firestone Cords don't blow out. Your repair man will tell you he hasn't seen a blowout this past

year—10,000, 15,000 and 20,000 miles, and the tires still going strong. See your Firestone dealer today. Name below.

Firestone Cord Tires are being sold at lowest prices in cord tire history: 30x3½—\$24.50 32x4—\$46.30 34x4½—\$54.90

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Hickman Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

Would save much needless woe.

Doan's Kidney Pills are for weak kidneys. Ask your neighbor!

Read what a Hickman citizen says: Mrs. Walter McLaughlin, W. Hickman St., says: "Several years ago I had an attack of kidney complaint. I took Doan's Kidney Pills after being advised to do so by a neighbor who had taken them. I was run down and felt tired and languid all the time. My back ached and I had pains in my side. I wasn't strong enough to do my housework. I took Doan's Kidney Pills and it wasn't long until I felt as well and strong as ever. I certainly think that Doan's are a fine kidney medicine and I am glad to recommend them."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McLaughlin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An overflow of whisky—both of the white and the red variety—has made its appearance in Hickman and in various other localities in Fulton county. So much so that drunks are not uncommon here. THE PLAYTHING OF POLITICS

READING IN THE HOME

There is no better way for parents to encourage children to stay at home evenings than by providing them with good reading matter and set the example by spending an hour or two after the evening meal with books, papers and magazines. In this way children train their minds by thinking with the best writers.

There's a wealth of information in print today and fortunate are those who like to read. Children that like to read will improve the opportunities for service in society. Regardless of the short terms of school, overworked and underpaid teachers, reading in the home will give children a start and enable them to become useful and successful as citizens of the state and nation.

Our schools would be more efficient, our young people find more pleasure and greater interest in the home and be of more service to the community if reading were encouraged and good books and clean, elevating and reliable periodicals provided. — Farm and Ranch.

EMPIRE COBB DEAD AS RESULT OF AUTO ACCIDENT

Earl Cobb, base ball umpire, of Mayfield, and who was injured in an automobile accident between Milan and Dyersburg, died at the home of John Rust at Milan Friday afternoon at 3 o'clock. The funeral services were held at Mayfield Saturday afternoon.

Investigation of the injuries disclosed that Mr. Cobb has sustained a very serious wound in the abdomen, a long and sharp piece of glass from the windshield of the car which overturned having pierced the right side of his abdomen, making a deep wound. However, the intestines were not punctured, though the wound in the outer walls was large enough to allow their coming out.

He was a well known and popular umpire throughout this section, having served in that capacity at several games here, and an evidence of his popularity was the wealth of floral designs which were in evidence at his grave.

CONCURS WITH MR. HALE

Editor Courier: If you will allow me space in your valuable and much appreciated paper, I will gossip a little on the city election.

I heartily and gladly endorse what Ben Hale has said on the subject of city officials. I trust that I may be included in harmless and sectional pride when I say I believe Hickman is the most favored region of the American continent. It is noted for its fair women and brave men. I harbor a boy's conceit that when the displeased Creator abolished Paradise, nature stole all its glory to Hickman, and why should we not get interested in our city lawmakers? We want men that are charitable in their judgment. They need to have faith in God and also to believe in the brotherhood of men. Let's get busy, to thinking, and not only thinking, but let's do something in the city election next November.

Save Money in the Hickman Building & Loan Association

The Building and Loan Association offers the best plan ever devised for the safe and profitable investment and accumulation of money. These Associations are under State Supervision and are Mutual Institutions. The shareholders participate in a higher rate of interest than usually obtains in other savings accounts. More important even than the money saved is the habit of regular saving acquired by the exacting of fixed monthly deposits. You may start with almost any amount from \$1 or more, which will be represented by shares on which you deposit \$1 per month for each share held and you continue until the amount deposited plus interest equals \$100 per share, or you may withdraw or borrow 80 per cent of its value at any time without asking anyone to sign your note.
